MUSEUM OF THE APPALACHIA / OAK RIDGE

Saturday, September 25

Begin the morning with a drive to the Museum of Appalachia located in Norris. This nationally acclaimed farm/village complex pays tribute to the early pioneers who settled the Big Valley of east Tennessee in the 1700's. The sixty-five acre museum includes dozens of authentic log structures, a large display building, an extensive craft and antique shop, and the Appalachian Hall of Fame. Enjoy the self-guided tour, some gift shopping, and a great lunch with entertainment. The buffet lunch consists of BBQ pork, chicken, rolls, slaw, beans, iced tea, lemonade, and cookies. During lunch watch and listen to the live band playing music of the era and area! After lunch, embark on a brief driving tour of Oak Ridge, home of the WWII Manhattan Project, on your way to the American Museum of Science and Energy. This is one of the world's largest energy exhibits presented through interactive displays, films, and live demonstrations. Learn the story of the Manhattan Project, code name given to a massive wartime effort, which produced the world's first atomic weapons. Oak Ridge was built in 1942 under cloak of great secrecy during WWII. The city went from 3,000 residents to 75,000 almost overnight and three manufacturing plants were constructed to develop a technology that ended the war. Your visit will include a self-guided tour of the museum and time to browse the gift shop.
